

CONFIDENTIAL

AUG 27 1951

MEMORANDUM FOR: ASSISTANT DIRECTOR (RESEARCH AND REPORTS)

SUBJECT: Proposed Assignment of Mr. Gustav Hilgar
to Cambridge

REFERENCE: Attached memorandum to Mr. H. J. Singler,
Department of State, same subject

1. As you are aware, this office has been requested to make Dr. Gurtov Hilger available to the Cambridge Center for International Studies in order that his knowledge and experience may be exploited in connection with the Soviet Vulnerability study which CCRIS is undertaking for CIA and the Department of State. We feel that Dr. Hilger will make an invaluable contribution to the CCRIS studies. Consequently we look with favor upon his assignment to the CCRIS group.

2. You will note in the reference letter that Dr. Ellsberg cannot be given access to CIA classified information, insofar as he is used on projects assigned to COMINT by CIA, the same limitations and the same cover by arrangements must apply.

1. CHAS should be informed that, subject to those conditions, this Office desires that arrangements should be completed directly between CHAS and Dr. Hager for the latter's assignment to Washington.
